- Some of the trails on this map are routes in winter only.
- The area's low potential for avalanches makes it an attractive area for beginner / intermediate skiers.
- From the trailhead follow the route marked with blue diamonds as the trail heads north on an easily followed water diversion ditch. Only the main loop is marked with blue diamonds.
- After the first mile, options for a few downhill turns are plentiful.
- Where the ditch intersects Bemrose Creek skiers can explore higher up or glide gently down to the Lower Access point.
- In Europe the term "Ski Circus" is used for alpine areas which are connected by a network of lifts and trails, many times allowing the skier to ski from town to town. The Bemrose Ski Circus has a series of inter-connecting cross-country skiing trails for all ability levels.
